Company Introduction

Nantong Foremost Headwear was founded in 1996. The company's main business is hats, gloves, scarves, and soft bags. After 27 years of development, Foremost has evolved from a manufacturing enterprise to a fashion and cultural enterprise. It also contains a relatively complete category and layout enterprise in China's hat industry.

It has more than ten subsidiaries and established the Nantong Foremost Hat Museum (formerly JEFFSUN Hat Museum).

At present, Foremost has more than 1,000 employees. Annual turnover reached \$500 million. Among them, brand online sales rank among the tops nationwide.

Foremost owns the offline brand store Hatters' Hub, the original brand JEFFSUN, the high-end brand Chicmax, and acquired the original Italian street brand Keyone. At the same time, Foremost remains long-term cooperation with Callaway, Honma, Yonex, Mizuno, Descente, Lanvin Sport, Leo Coq Sportif, Oakley, Wolsey, Munsingwear, and other well-known golf brands, providing them with hat research, development, and production in the hat fashion industry, which has a non-negligible position.
